PINNACLE, DLF CITY, PHASE-V, GURGAON – 122 009

## **HOUSE KEEPING AND CLEANLINESS**

In order to maintain proper cleanliness and hygiene in the complex the residents are requested to follow the guidelines mentioned below:

1. Garbage collection: collection of in house garbage has been scheduled between 0900 Hrs. and 1030 Hrs. Residents are therefore requested to keep the garbage outside the main door of the apartment, neatly tied in disposable bags prior to 0900 Hrs.
2. If you have missed the above schedule on a particular day, please arrange to drop the garbage in the green dust bin provided at rear side of block entrance at ground floor. Please do not keep garbage in lobby or staircase overnight.
3. Please do not throw or drop waste material from the balconies or windows of bathrooms.
4. Please do not clog the lobby space and staircases by keeping large pots, bicycles and other goods. Such activity is prohibited from fire safety point of view and cleaning is restricted leading to unhygienic conditions.
5. Please do not leave your pet loose to ease out in lobby, staircases or any other common area. Arrange to clean the area immediately, if spoilt by your pet.
6. Please do not let the water to drip from your air conditioner in open to avoid mosquito breeding and unhygienic conditions at ground floor.

Dust bins have been provided in stilt area, lawns, club house area and basements. Please use them to avoid littering.
